

This certificate is awarded to

Arafat Hossain

for successfully completing

Introduction to Cybersecurity

offered by Helsinki Business College
through the Cisco Networking Academy program.

Aristoteles Heikkilä
Instructor
Helsinki Business College

18 Nov 2025
Completion Date

This certificate is awarded to

Arafat Hossain

for successfully completing

Cyber Threat Management

offered by Networking Academy
through the Cisco Networking Academy program.

A handwritten signature in black ink that reads "Lynn Bloomer".

Lynn Bloomer
Director
Cisco Networking Academy

13 Nov 2025
Completion Date

This certificate is awarded to

Arafat Hossain

for successfully completing

Cybersecurity Essentials

offered by Helsinki Business College
through the Cisco Networking Academy program.

Aristoteles Heikkilä
Instructor
Helsinki Business College

11 Nov 2025
Completion Date

Learning paths completed

N/A means either not all module assessments exist or there is no pass record. All Learning Paths in this table are complete.

Learning path title	Description	Completed on	All module assessment results
Perform basic identity and access tasks	Learn to create and manage identity and access using Microsoft Entra ID. Explore the basics of creating users, groups, and how to control access with conditional access.	Dec 26, 2025	All module assessments passed Dec 26, 2025
Microsoft Security, Compliance, and Identity Fundamentals: Describe the capabilities of Microsoft Identity and access management solutions	Microsoft Security, Compliance, and Identity Fundamentals: Describe the capabilities of Microsoft Identity and access management solutions	Dec 26, 2025	All module assessments passed Dec 26, 2025

Learning path title	Description	Completed on	All module assessment results
AZ-104: Prerequisites for Azure administrators	Learn the basic concepts you'll need to know as an Azure administrator and prepare for Exam AZ-104: Microsoft Azure Administrator.	Dec 14, 2025	 All module assessments passed Dec 14, 2025
Microsoft Endpoint Manager fundamentals	This learning path help you understand the fundamentals concepts involved in managing your endpoint environment.	Nov 29, 2025	N/A
Get started with managing Microsoft Teams	Get started with managing Microsoft Teams	Nov 25, 2025	 All module assessments passed Nov 25, 2025
Administer remote computers by using Windows PowerShell	Administer remote computers by using Windows PowerShell	Nov 24, 2025	 All module assessments passed Nov 24, 2025
MD-102 Execute device enrollment	This learning path will cover Azure AD join and will introduce Microsoft Endpoint Manager. We'll also discuss how to configure policies for enrolling devices to Configuration Manager and Microsoft Intune.	Nov 24, 2025	 All module assessments passed Nov 24, 2025

Learning path title	Description	Completed on	All module assessment results
Administer Active Directory Domain Services	This learning path helps prepare you for the APL-1008 Administer Active Directory Domain Services modern credential. You'll learn how to create, deploy, and maintain an Active Directory Domain Services environment.	Nov 24, 2025	N/A
MD-102 Explore endpoint management	This learning path explains the concepts of supporting the desktop through its entire lifecycle. Students will also be introduced to Azure Active Directory and learn the similarities and differences between Azure AD and Active Directory DS and how to synchronize between the two.	Nov 23, 2025	All module assessments passed Nov 23, 2025
Intune for education partners	Education partners learn about Intune for Education to help deploy customers. Part of the Partner Success Series.	Oct 13, 2025	N/A

Learning path title	Description	Completed on	All module assessment results
Get started with Microsoft data analytics	Businesses need data analysis more than ever. In this learning path, you will learn about the life and journey of a data analyst, the skills, tasks, and processes they go through in order to tell a story with data so trusted business decisions can be made. You will learn how the suite of Power BI tools and services are used by a data analyst to tell a compelling story through reports and dashboards, and the need for true BI in the enterprise.	Oct 13, 2025	N/A
Administer and govern Microsoft Fabric	Microsoft Fabric Administration involves securing and governing data, administering the environment, and monitoring optimizing performance for efficient and compliant data management.	Oct 13, 2025	N/A

Learning path title	Description	Completed on	All module assessment results
Manage and optimize a Microsoft Fabric environment	Microsoft Fabric is a Software-as-a-Service platform for data analytics. Learn how to manage and optimize your environment through Continuous Integration/Continuous Deployment (CI/CD), monitoring, performance optimization, and security.	Oct 13, 2025	N/A
Implement data science and machine learning for AI in Microsoft Fabric	Implement data science and machine learning for artificial intelligence (AI) in Microsoft Fabric.	Oct 13, 2025	N/A
Prepare data for analysis	You will explore Power Query as you learn to extract data from different data sources and choose a storage mode and connectivity type. You will learn to profile, clean, and load data into Power BI in preparation for modeling your data.	Oct 13, 2025	N/A
Develop natural language processing solutions with Azure AI Services	Develop natural language processing solutions with Azure AI Services	Oct 9, 2025	N/A
Implement resource management security in Azure	Learn how to secure resources using policy, role-based access control, and other Azure services	Oct 9, 2025	N/A

Learning path title	Description	Completed on	All module assessment results
Azure Fundamentals: Describe Azure management and governance	Azure Fundamentals: Describe Azure management and governance	Oct 8, 2025	 All module assessments passed Oct 8, 2025
Microsoft Azure Fundamentals: Describe cloud concepts	Microsoft Azure Fundamentals: Describe cloud concepts	Oct 8, 2025	 All module assessments passed Oct 8, 2025
MD-102 Configure profiles for user and devices	This learning path explores Intune device profiles, the benefits of user profiles and how to synchronize profile data across multiple devices.	Oct 8, 2025	 All module assessments passed Oct 8, 2025
MD-102 Deploy using cloud based tools	Students will learn about using Windows Autopilot and deployment using Microsoft Intune. Students will also learn how co-management can be used to transition to modern management.	Oct 8, 2025	N/A
Microsoft 365 Fundamentals: Describe Microsoft 365 core services and concepts	Microsoft 365 Fundamentals: Describe Microsoft 365 core services and concepts	Jan 15, 2025	N/A

Modules completed

N/A in the module assessment result column means either the module assessment doesn't exist or there's no pass record for it. All modules in this table are complete.

Module title	Description	Completed on	Duration	Module assessment result
Deploy the Microsoft Defender for Endpoint environment	Deploy the Microsoft Defender for Endpoint environment	Dec 27, 2025	46 min	Module assessment passed Dec 27, 2025
Mitigate incidents using Microsoft 365 Defender	Mitigate incidents using Microsoft 365 Defender	Dec 27, 2025	1 hr 15 min	Module assessment passed Dec 27, 2025
Introduction to Microsoft 365 threat protection	Introduction to Microsoft 365 threat protection	Dec 27, 2025	28 min	Module assessment passed Dec 27, 2025
Safeguard your environment with Microsoft Defender for Identity	Learn about the Microsoft Defender for Identity component of Microsoft 365 Defender.	Dec 27, 2025	1 hr 8 min	N/A

Module title	Description	Completed on	Duration	Module assessment result
Explore identity and Azure AD	This module will cover a wide view of the definition and available services for identity provided in the Microsoft Cloud from Azure AD to Microsoft 365. You start with the basics of authentication, authorization, and access tokens. This builds a firm foundation of what an identity is, why it is important. Then we move into governance and lifecycle management of your identities and identity solutions. The final topic opens up the term zero trust to see how it should be applied to your identity solutions.	Dec 27, 2025	48 min	Module assessment passed Dec 27, 2025

Module title	Description	Completed on	Duration	Module assessment result
Get started with identity and access labs	Use interactive labs to explore the basics of identity and access using Microsoft Entra ID.	Dec 26, 2025	1 hr 5 min	Module assessment passed Dec 26, 2025
Describe the identity protection and governance capabilities of Azure AD	Describe the identity protection and governance capabilities of Azure AD	Dec 26, 2025	37 min	Module assessment passed Dec 26, 2025
Describe the access management capabilities of Azure AD	Describe the access management capabilities of Azure AD	Dec 26, 2025	34 min	Module assessment passed Dec 26, 2025
Describe the authentication capabilities of Azure AD	Describe the authentication capabilities of Azure AD	Dec 26, 2025	27 min	Module assessment passed Dec 26, 2025
Describe the services and identity types of Azure AD	Describe the services and identity types of Azure AD	Dec 26, 2025	35 min	Module assessment passed Dec 26, 2025
Describe Azure storage services	Azure storage services, tiers, redundancy options, and migration options and tools.	Dec 20, 2025	46 min	Module assessment passed Dec 20, 2025

Module title	Description	Completed on	Duration	Module assessment result
Describe Azure compute and networking services	Introduction to Azure compute services (virtual machines, Azure Virtual Desktop, Azure Functions) and networking services (virtual networks, ExpressRoute, DNS, etc.).	Dec 20, 2025	1 hr 8 min	Module assessment passed Dec 20, 2025
Learn best practices from Microsoft Technical Trainers	Becoming familiar with the Microsoft technical training program will provide direction when preparing to implement the fundamentals course materials in your classroom.	Dec 17, 2025	22 min	Module assessment passed Dec 17, 2025

Module title	Description	Completed on	Duration	Module assessment result
Microsoft Learn for Educators course planning	As you begin to prepare for your course delivery, begin by determining the curriculum integration approach. Once you have developed an implementation plan, you can set up your LMS to integrate with Microsoft Learn for benefits such as getting details about published Microsoft Learn content and student reporting. Set certification expectations with your students, provide clarity about certification, why, when, and how; this sets your students up for success. Finally, make sure to record your course in the MSLE portal to ensure you receive updates like resources like lab seats for your class, curriculum updates, and information	Dec 17, 2025	22 min	Module assessment passed Dec 17, 2025

Module title	Description	Completed on	Duration	Module assessment result
	about student events.			
Microsoft Learn for Educators Course Preparation	Your students want skills that make them employable. Using the resources available from Microsoft will help you feel confident to teach your students the skills they need to help them pass a Microsoft Certification exam.	Dec 17, 2025	17 min	N/A
Onboard to Microsoft Learn for Educators program	Joining MSLE, getting certified in the content you'll be teaching, integrating Microsoft Official Course materials, and leveraging the various benefits will help ensure your students are well prepared for today's job opportunities. SC-900	Dec 17, 2025	40 min	Module assessment passed Dec 17, 2025

Module title	Description	Completed on	Duration	Module assessment result
Introduction to Microsoft Learn for Educators program	The Microsoft Learn for Educators program provides eligible educators and faculty members at colleges, universities, community colleges, polytechnics, and some STEM-focused secondary schools access to Microsoft's ready-to-teach curriculum and teaching materials aligned to industry-recognized Microsoft Certifications. The Microsoft certifications enhance your students' credibility by giving them a professional advantage through globally recognized, industry-endorsed evidence of skills mastery.	Dec 17, 2025	33 min	Module assessment passed Dec 17, 2025

Module title	Description	Completed on	Duration	Module assessment result
Implement access management for Azure resources	Explore how to use built-in Azure roles, managed identities, and RBAC-policy to control access to Azure resources. Identity is the key to secure solutions.	Dec 14, 2025	30 min	Module assessment passed Dec 14, 2025
Protect your virtual machines by using Azure Backup	Use Azure Backup to help protect the data for on-premises servers, virtual machines, virtualized workloads, SQL Server, Azure Files, and more.	Dec 14, 2025	35 min	N/A
Monitor the health of your Azure virtual machine by using Azure Metrics Explorer and metric alerts	Learn how to monitor the health of your Azure VMs by using Azure Metrics Explorer and metric alerts.	Dec 14, 2025	35 min	N/A

Module title	Description	Completed on	Duration	Module assessment result
Add and size disks in Azure virtual machines	Learn about your virtual machine storage options and how to choose between standard and premium, managed and unmanaged disks for your Azure virtual machine.	Dec 14, 2025	36 min	N/A
Manage virtual machines with the Azure CLI	Learn how to use the cross-platform Azure CLI to create, start, stop, and perform other management tasks related to virtual machines in Azure.	Dec 14, 2025	51 min	N/A
Deploy Azure infrastructure by using JSON ARM templates	Write JSON Azure Resource Manager templates by using Visual Studio Code to deploy your infrastructure to Azure consistently and reliably.	Dec 14, 2025	43 min	Module assessment passed Dec 14, 2025

Module title	Description	Completed on	Duration	Module assessment result
Introduction to PowerShell	This module introduces PowerShell, a cross-platform command-line shell and scripting language built for task automation and configuration management.	Dec 14, 2025	16 min	Module assessment passed Dec 14, 2025
Introduction to Azure Cloud Shell	In this module you'll learn what Azure Cloud Shell does, how it works, and when you should choose to use Azure Cloud Shell as a solution to meet your organization's needs.	Dec 14, 2025	20 min	Module assessment passed Dec 14, 2025

Module title	Description	Completed on	Duration	Module assessment result
Secure your cloud apps and services with Microsoft Cloud App Security	Microsoft Cloud App Security is a Cloud Access Security Broker (CASB) that operates on multiple clouds. It provides rich visibility, control over data travel, and sophisticated analytics to identify and combat cyberthreats across all your cloud services. Learn how to use Cloud App Security in your organization.	Nov 29, 2025	1 hr 9 min	Module assessment passed Nov 29, 2025
Benefits of Microsoft Endpoint Manager	In this module, you'll learn about Microsoft Endpoint Manager benefits, including how it increases security and productivity, provides flexibility, and maximizes your investment.	Nov 29, 2025	23 min	Module assessment passed Nov 29, 2025

Module title	Description	Completed on	Duration	Module assessment result
Analyze and resolve compliance issues using Microsoft Endpoint Manager	In this module, you'll learn about analyzing and resolving compliance issues using Microsoft Endpoint Manager.	Nov 29, 2025	26 min	Module assessment passed Nov 29, 2025
Understand Conditional Access policies using Microsoft Endpoint Manager	In this module, you'll learn about policy and security management using Microsoft Endpoint Manager.	Nov 29, 2025	21 min	N/A
Understand app management using Microsoft Endpoint Manager	In this module, you'll learn about app management using Microsoft Endpoint Manager.	Nov 29, 2025	45 min	N/A
Understand device management using Microsoft Endpoint Manager	In this module, you'll learn about how your organization's devices can be provisioned and managed. Additionally, you will learn about the different types of enrollment methods available using Microsoft Endpoint Manager.	Nov 28, 2025	50 min	Module assessment passed Nov 28, 2025

Module title	Description	Completed on	Duration	Module assessment result
Protect your endpoint environment with Microsoft Endpoint Manager	In this module, you'll learn about protecting devices, apps, and data. Additionally, you understand the endpoint environment and the supported platforms available with Microsoft Endpoint Manager.	Nov 28, 2025	26 min	Module assessment passed Nov 28, 2025
Introduction to Microsoft Endpoint Manager	In this module, you'll learn about the basics of Microsoft Endpoint Manager.	Nov 28, 2025	30 min	Module assessment passed Nov 28, 2025
Monitor your Microsoft Teams environment	Learn about different reports and dashboards to monitor your Teams environment, including Microsoft 365 and Teams usage reports, Microsoft Productivity Score, Azure AD access reviews, and Microsoft 365 network connectivity dashboard.	Nov 25, 2025	50 min	Module assessment passed Nov 25, 2025

Module title	Description	Completed on	Duration	Module assessment result
Implement lifecycle management and governance for Microsoft Teams	Learn about Teams lifecycle management and governance, including different features to govern Microsoft 365 Groups, ways to assign Teams policies, Teams preview features controls.	Nov 24, 2025	1 hr 7 min	Module assessment passed Nov 24, 2025
Plan and deploy Microsoft Teams	Learn how to plan and deploy Microsoft Teams to your organization, including different Teams admin roles, available management tools, and processes to rollout Teams. Understand required licensing and how to deploy Teams clients.	Nov 24, 2025	45 min	Module assessment passed Nov 24, 2025

Module title	Description	Completed on	Duration	Module assessment result
Explore Microsoft Teams	Learn about Microsoft Teams capabilities, including Teams core workloads and integration with other Microsoft services and platforms. Understand the Teams architecture and Teams certified solutions.	Nov 24, 2025	54 min	Module assessment passed Nov 24, 2025
Use advanced Windows PowerShell remoting techniques	This module covers some useful advanced techniques that will help overcome the limitations of basic Windows PowerShell remoting.	Nov 24, 2025	44 min	Module assessment passed Nov 24, 2025
Manage single and multiple computers by using Windows PowerShell remoting	This module explains how to use remoting to perform administration on remote computers.	Nov 24, 2025	1 hr 5 min	Module assessment passed Nov 24, 2025

Module title	Description	Completed on	Duration	Module assessment result
Manage persistent connections to remote computers by using Windows PowerShell sessions	This module explains how to establish and manage persistent connections to remote computers, known as Windows PowerShell sessions or PSSessions.	Nov 24, 2025	34 min	Module assessment passed Nov 24, 2025
Enroll devices using Microsoft Intune	Students will learn how to configure and setup Intune to more easily manage Windows, Android, and iOS devices.	Nov 24, 2025	50 min	Module assessment passed Nov 24, 2025
Enroll devices using Microsoft Configuration Manager	This module introduces students to client deployment options and some of the high-level management and monitoring options that are available using Configuration Manager	Nov 24, 2025	12 min	Module assessment passed Nov 24, 2025

Module title	Description	Completed on	Duration	Module assessment result
Manage device authentication	In this module, you learn about device authentication and management in Azure Active Directory. MD-102	Nov 24, 2025	17 min	Module assessment passed Nov 24, 2025
Guided project - Administer Active Directory Domain Services	This guided project helps prepare you to manage Active Directory Domain services, including creating and deploying domains, configuring group policy objects, establishing and enforcing passwords, and maintaining security of Active Directory.	Nov 24, 2025	1 hr 54 min	Module assessment passed Nov 24, 2025

Module title	Description	Completed on	Duration	Module assessment result
Manage security in Active Directory	This module focuses on maintaining security in an Active Directory environment. It covers things from permissions management to authentication methods to identifying problematic accounts.	Nov 23, 2025	43 min	N/A
Create and configure Group Policy Objects in Active Directory	This module focuses on Group Policy objects, including using them to enforce a robust password policy.	Nov 23, 2025	48 min	Module assessment passed Nov 23, 2025
Create and manage Active Directory objects	This module focuses on the tasks associated with managing Active Directory objects and AD domain services domain controllers.	Nov 23, 2025	55 min	Module assessment passed Nov 23, 2025

Module title	Description	Completed on	Duration	Module assessment result
Deploy and manage Active Directory Domain Services domain controllers	This module introduces you to the topology of domain controllers within an Active Directory environment. It also starts you down the path of deploying, managing, and migrating a domain controller between servers.	Nov 23, 2025	53 min	Module assessment passed Nov 23, 2025
Manage Azure Active Directory identities	This module enables you to handle Azure AD tasks, including RBAC, user/group management, PowerShell cmdlets, and AD DS object synchronization. You'll effectively utilize and manage Azure AD in your organization after completing this module.	Nov 23, 2025	29 min	Module assessment passed Nov 23, 2025

Module title	Description	Completed on	Duration	Module assessment result
Explore Windows Editions	This module explains Windows editions' features, reasons to choose them, and installation methods. Learners will understand various Windows versions and their installation processes. MD-102	Nov 23, 2025	36 min	Module assessment passed Nov 23, 2025
Explore the Enterprise Desktop	This module covers modern endpoint management and enterprise desktop lifecycle concepts.	Nov 23, 2025	29 min	Module assessment passed Nov 23, 2025
Get started with AI on Azure	Get started with AI on Azure	Nov 23, 2025	31 min	Module assessment passed Nov 23, 2025
Create readable code with conventions, whitespace, and comments in C#	Write code that is easier to read, update and support using naming conventions, comments and whitespace.	Oct 15, 2025	48 min	Module assessment passed Oct 15, 2025

Module title	Description	Completed on	Duration	Module assessment result
Store and iterate through sequences of data using Arrays and the foreach statement in C#	Work with sequences of related data in data structures known as arrays. Then, learn to iterate through each item in the sequence.	Oct 15, 2025	51 min	Module assessment passed Oct 15, 2025
Add decision logic to your code using the if-elseif-else statement in C#	Learn to branch your code's execution path by evaluating boolean expressions.	Oct 15, 2025	56 min	Module assessment passed Oct 15, 2025
Call methods from the .NET Class Library using C#	Use functionality in the .NET Class Library by calling methods that return values, accept input parameters, and more.	Oct 15, 2025	54 min	Module assessment passed Oct 15, 2025
Install and configure Visual Studio Code	Learn how to configure Visual Studio Code for C# and how to use this professional IDE to create and run console applications.	Oct 15, 2025	42 min	Module assessment passed Oct 15, 2025

Module title	Description	Completed on	Duration	Module assessment result
Build reading fluency with Reading Coach	Explore Reading Coach, a free tool that uses artificial intelligence and built-in fluency detection to personalize reading content and practice for learners.	Oct 13, 2025	1 hr 3 min	Module assessment passed Oct 13, 2025
Get started with Microsoft Teams for Education	Microsoft Teams in educational settings is a hub for content and the centerpiece for collaboration. Learn about the structure and components of a team.	Oct 13, 2025	1 hr	Module assessment passed Oct 13, 2025
Embark on your AI journey with free AI tools from Microsoft Education	This module is designed to introduce educators to the powerful AI tools that Microsoft offers to educators and learners for free.	Oct 13, 2025	1 hr 7 min	Module assessment passed Oct 13, 2025

Module title	Description	Completed on	Duration	Module assessment result
Common education configurations for Intune (Partner Success Series)	This module teaches education partners about common education configurations of Intune with Windows and iPads. Part of the Partner Success Series.	Oct 13, 2025	1 hr 45 min	N/A
Management, reporting, and support for Intune for Education	This module teaches education partners about remote management and reporting options available in Intune for Education and how to request support. Part of the Partner Success Series.	Oct 13, 2025	38 min	Module assessment passed Oct 13, 2025
Set up, configure, and manage settings and updates in Intune for Education	This module teaches education partners how to set up and configure Intune for Education and manage updates with Windows Update for Business. Part of the Partner Success Series.	Oct 13, 2025	51 min	Module assessment passed Oct 13, 2025

Module title	Description	Completed on	Duration	Module assessment result
Introduction to Intune for Education fundamentals	This module teaches education partners the basics of Intune for Education and how it works with Azure Active Directory. Part of the Partner Success Series.	Oct 13, 2025	1 hr 12 min	Module assessment passed Oct 13, 2025
Enroll devices with Intune for Education and Autopilot	This module teaches education partners how to enroll devices with Intune for Education and Autopilot. This module is part of the Partner Success Series.	Oct 13, 2025	2 hr 2 min	Module assessment passed Oct 13, 2025
Extend data insights with Power BI Copilot	Use Power BI Copilot to create data insights based on semantic models with minimal effort.	Oct 13, 2025	27 min	Module assessment passed Oct 13, 2025

Module title	Description	Completed on	Duration	Module assessment result
Govern data in Microsoft Fabric with Purview	Learn how Microsoft Purview enables the highest level of data governance for your Microsoft Fabric data lakes. Ensure that data is both tightly controlled and highly available for compliant analysis.	Oct 13, 2025	35 min	Module assessment passed Oct 13, 2025
Secure a Microsoft Fabric data warehouse	Learn the key concepts and strategies for protecting sensitive data in Microsoft Fabric data warehouses.	Oct 13, 2025	1 hr 11 min	Module assessment passed Oct 13, 2025
Administer Microsoft Fabric	Administer Microsoft Fabric	Oct 13, 2025	34 min	Module assessment passed Oct 13, 2025
Secure data access in Microsoft Fabric	Learn the key concepts and strategies for securing data access in Microsoft Fabric.	Oct 13, 2025	55 min	N/A

Module title	Description	Completed on	Duration	Module assessment result
Implement continuous integration and continuous delivery (CI/CD) in Microsoft Fabric	Learn the key concepts and strategies for implementing continuous integration and continuous deployment (CI/CD) in Microsoft Fabric.	Oct 13, 2025	46 min	Module assessment passed Oct 13, 2025
Monitor and optimize an analytics solution.	Monitor and optimize an analytics solution. This module includes monitoring, semantic models, extraction, transformation, loading (ETL), and alerting	Oct 13, 2025	50 min	Module assessment passed Oct 13, 2025
Generate batch predictions using a deployed model in Microsoft Fabric	Learn how to use a trained machine learning model to generate batch predictions in Microsoft Fabric.	Oct 13, 2025	50 min	Module assessment passed Oct 13, 2025

Module title	Description	Completed on	Duration	Module assessment result
Train and track machine learning models with MLflow in Microsoft Fabric	Learn how to train machine learning models in notebooks and track your work with MLflow experiments in Microsoft Fabric.	Oct 13, 2025	54 min	Module assessment passed Oct 13, 2025
Preprocess data with Data Wrangler in Microsoft Fabric	Explore the process of preparing data for machine learning models using the Data Wrangler tool in Microsoft Fabric notebooks.	Oct 13, 2025	1 hr 10 min	N/A
Explore data for data science with notebooks in Microsoft Fabric	Discover how to perform data exploration for data science using Microsoft Fabric notebooks.	Oct 13, 2025	1 hr 27 min	Module assessment passed Oct 13, 2025
Get started with data science in Microsoft Fabric	Get started with data science in Microsoft Fabric by learning how to train a model in a notebook, and track your metrics with MLflow and experiments.	Oct 13, 2025	46 min	Module assessment passed Oct 13, 2025

Module title	Description	Completed on	Duration	Module assessment result
Introduction to end-to-end analytics using Microsoft Fabric	Discover how Microsoft Fabric can meet your enterprise's analytics needs in one platform. Discover the capabilities Fabric has to offer, understand how it works, and identify how you can use Fabric for your analytics needs.	Oct 13, 2025	20 min	Module assessment passed Oct 13, 2025
Choose a Power BI model framework	Describe Power BI data model frameworks, their benefits and limitations, and features to help optimize your Power BI data models.	Oct 13, 2025	46 min	Module assessment passed Oct 13, 2025

Module title	Description	Completed on	Duration	Module assessment result
Clean, transform, and load data in Power BI	Power Query has an incredible amount of features that are dedicated to helping you clean and prepare your data for analysis. You will learn how to simplify a complicated model, change data types, rename objects, and pivot data. You will also learn how to profile columns so that you know which columns have the valuable data that you're seeking for deeper analytics.	Oct 13, 2025	2 hr 1 min	N/A

Module title	Description	Completed on	Duration	Module assessment result
Get data in Power BI	You will learn how to retrieve data from a wide variety of data sources, including Microsoft Excel, relational databases, and NoSQL data stores. You will also learn how to improve performance while retrieving data.	Oct 13, 2025	1 hr 46 min	N/A

Module title	Description	Completed on	Duration	Module assessment result
Get started building with Power BI	Power BI is a collection of software services and applications that let you connect to all sorts of data sources and create compelling visuals and reports. You can benefit from receiving those reports, or you can share them with others inside or outside your organization. Learn the basics of Power BI, how its services and applications work together, and how they can be used to create or experience compelling visuals and analytics based on your data.	Oct 13, 2025	21 min	N/A

Module title	Description	Completed on	Duration	Module assessment result
Discover data analysis	Would you like to explore the journey of a data analyst and learn how a data analyst tells a story with data? In this module, you will explore the different roles in data and learn the different tasks of a data analyst.	Oct 13, 2025	36 min	N/A
Responsible generative AI in AI Studio	A practical approach to implementing generative AI responsibly, and exploring content filters in AI Studio.	Oct 9, 2025	50 min	Module assessment passed Oct 9, 2025
Develop an audio-enabled generative AI application	A voice carries meaning beyond words, and audio-enabled generative AI models can interpret spoken input to understand tone, intent, and language. Learn how to build audio-enabled chat apps that listen and respond to audio.	Oct 9, 2025	43 min	Module assessment passed Oct 9, 2025

Module title	Description	Completed on	Duration	Module assessment result
Translate speech with the speech service	Translate speech with the speech service	Oct 9, 2025	47 min	N/A
Create speech-enabled apps with Azure AI services	Create speech-enabled apps with Azure AI services.	Oct 9, 2025	53 min	Module assessment passed Oct 9, 2025
Translate text with the Translator service	Translate text with the Translator service	Oct 9, 2025	48 min	Module assessment passed Oct 9, 2025
Custom name entity recognition	Custom name entity recognition	Oct 9, 2025	53 min	Module assessment passed Oct 9, 2025
Create custom text classification solutions	The Language service within Azure Cognitive Services enables processing of natural language to use in your own app. Learn how to build a custom text classification project.	Oct 9, 2025	58 min	N/A
Build a question answering solution	Create question answering solutions with Azure AI Language	Oct 9, 2025	46 min	Module assessment passed Oct 9, 2025
Analyze text with Azure AI Language	Analyze text with Azure AI Language	Oct 9, 2025	54 min	Module assessment passed Oct 9, 2025

Module title	Description	Completed on	Duration	Module assessment result
Build a Language Understanding model	The Language Understanding service enables you to train a language model that apps can use to extract meaning from natural language.	Oct 9, 2025	1 hr 5 min	N/A
Use AI responsibly with Azure AI Content Safety	As the amount of user-generated online content increases, so does the need to ensure harmful material is moderated effectively. Azure AI Content Safety resource includes features to help organizations moderate and manage both user-generated and AI-generated content.	Oct 9, 2025	1 hr 10 min	Module assessment passed Oct 9, 2025
Control and organize Azure resources with Azure Resource Manager	Use Azure Resource Manager to organize resources, enforce standards, and protect critical assets from deletion.	Oct 9, 2025	46 min	N/A

Module title	Description	Completed on	Duration	Module assessment result
Secure your Azure resources with Azure role-based access control (Azure RBAC)	Learn how to use Azure role-based access control to effectively manage your team's access to Azure resources.	Oct 9, 2025	37 min	Module assessment passed Oct 9, 2025
Azure Policy initiatives	Azure Policy initiatives are a collection of Azure policy definitions that are grouped together toward a specific goal or purpose. By consolidating multiple Azure policies into a single item, Azure Policy initiatives allow centralized control and enforcement of configurations across Azure resources.	Oct 9, 2025	1 hr 13 min	N/A
Create, configure, and manage identities	Create, configure, and manage identities	Oct 9, 2025	1 hr 4 min	Module assessment passed Oct 9, 2025

Module title	Description	Completed on	Duration	Module assessment result
Describe the core architectural components of Azure	Concepts around physical and management architecture for Azure, including data centers and regions, management groups and subscriptions, etc.	Oct 9, 2025	48 min	N/A
Describe monitoring tools in Azure	Describe monitoring tools in Azure	Oct 8, 2025	13 min	Module assessment passed Oct 8, 2025
Describe features and tools for managing and deploying Azure resources	Describe features and tools for managing and deploying Azure resources	Oct 8, 2025	22 min	Module assessment passed Oct 8, 2025
Describe features and tools in Azure for governance and compliance	Describe features and tools in Azure for governance and compliance	Oct 8, 2025	34 min	Module assessment passed Oct 8, 2025
Describe cost management in Azure	Describe cost management in Azure	Oct 8, 2025	33 min	Module assessment passed Oct 8, 2025

Module title	Description	Completed on	Duration	Module assessment result
Describe cloud service types	Introduction to cloud service types (Infrastructure, Platform, and Software as a Service models) and associated use cases for each.	Oct 8, 2025	12 min	Module assessment passed Oct 8, 2025
Describe the benefits of using cloud services	Introduction to concepts surrounding cloud computing. Mostly platform agnostic, focused instead on general concepts.	Oct 8, 2025	17 min	Module assessment passed Oct 8, 2025
Describe cloud computing	Introduction to concepts surrounding cloud computing. Mostly platform agnostic, focused instead on general concepts.	Oct 8, 2025	23 min	Module assessment passed Oct 8, 2025

Module title	Description	Completed on	Duration	Module assessment result
Understand Azure Active Directory	This module equips learners to describe Azure AD - a cloud-based identity and access management service. They'll compare it with AD DS, understand its role as a directory for cloud services, and learn about its security features. They'll also learn about Azure AD Domain Services.	Oct 8, 2025	31 min	Module assessment passed Oct 8, 2025
Maintain user profiles	Students learn about the benefits of various Windows user profiles, how to manage them, and how to facilitate profile data synchronization across multiple devices.	Oct 8, 2025	27 min	Module assessment passed Oct 8, 2025

Module title	Description	Completed on	Duration	Module assessment result
Oversee device profiles	This module introduces students to monitoring profiles to ensure correct assignments and resolving conflicts when multiple profiles are applied.	Oct 8, 2025	18 min	Module assessment passed Oct 8, 2025
Execute device profiles	Students learn about the various types of device profiles, and how to create and manage them.	Oct 8, 2025	18 min	Module assessment passed Oct 8, 2025
Explore Microsoft Intune Suite	This module explores the Microsoft Intune Suite, highlighting its advanced device management and security capabilities, components, usage, and integration with the broader Microsoft security ecosystem.	Oct 8, 2025	50 min	Module assessment passed Oct 8, 2025

Module title	Description	Completed on	Duration	Module assessment result
Manage Azure Virtual Desktop	Learn to manage Azure Virtual Desktop, a cloud-based VDI solution providing personalized, secure Windows 10 experiences. Understand key features, management, security, and deployment options for optimizing your environment.	Oct 8, 2025	23 min	Module assessment passed Oct 8, 2025
Manage Windows 365	This module teaches managing Microsoft's cloud-based PC management solution, Windows 365, offering personalized, secure Windows 11 experience from any device. Learn features, setup, management, security, deployment options, and licensing to optimize your environment.	Oct 8, 2025	18 min	N/A

Module title	Description	Completed on	Duration	Module assessment result
Plan a transition to modern endpoint management	Explore considerations and review the planning of transitioning to modern management, focusing on migration and newly provisioned devices.	Oct 8, 2025	39 min	Module assessment passed Oct 8, 2025
Implement dynamic deployment methods	Use dynamic provisioning methods such as Subscription Activation, Provisioning packages, and Azure AD join to reconfigure an existing operating system.	Oct 8, 2025	21 min	Module assessment passed Oct 8, 2025
Deploy Devices using Windows Autopilot	Use Autopilot to deploy new hardware or refreshing an existing hardware with the organization's desired configuration, without using the traditional imaging process.	Oct 8, 2025	41 min	Module assessment passed Oct 8, 2025

Module title	Description	Completed on	Duration	Module assessment result
Explore the possibilities with Microsoft 365 Copilot	In this module, we break down the transformative features brought to each Microsoft 365 application by Microsoft 365 Copilot.	Jan 15, 2025	33 min	Module assessment passed Jan 15, 2025
Introduction to Microsoft 365 Copilot	This module explores the intricacies of Microsoft 365 Copilot, offering insights into its functionality and Microsoft's dedication to implementing AI responsibly and ethically.	Jan 15, 2025	29 min	Module assessment passed Jan 15, 2025
Describe analytics capabilities in Microsoft 365	Learn about the pricing model for Microsoft cloud services and how Microsoft 365 is available through a variety of licensing and billing options to meet the needs of people and organizations. Prepare for MS-900.	Jan 15, 2025	22 min	N/A

Module title	Description	Completed on	Duration	Module assessment result
Describe endpoint modernization, management concepts, and deployment options in Microsoft 365	Learn about how the business management solutions through Microsoft 365 provide people with a secure, personalized desktop experience and help organizations easily manage updates for all devices with a simplified admin experience. Prepare for MS-900.	Jan 15, 2025	29 min	Module assessment passed Jan 15, 2025
Describe collaboration solutions in Microsoft 365	Learn about how the collaboration solutions through Microsoft 365 unlock new ways of working together by helping people and teams stay connected, engaged, and ensure fluid communication across organizations. Prepare for MS-900.	Jan 15, 2025	34 min	Module assessment passed Jan 15, 2025

Module title	Description	Completed on	Duration	Module assessment result
What is Microsoft 365?	What is Microsoft 365?	Jan 15, 2025	32 min	Module assessment passed Jan 15, 2025
Describe productivity solutions in Microsoft 365	Learn about how the productivity solutions through Microsoft 365 help optimize operations, engage customers, and empower people to perform tasks in real-time from virtually anywhere. Prepare for MS-900.	Jan 15, 2025	27 min	Module assessment passed Jan 15, 2025
